

The Philosophy of the Liberal Vannin Party

The Liberal Vannin Party believes in a democratically elected Parliamentary system of Government independent of the Executive and one that is open to checks and balances for accountability and audit in the provision of an efficient Government system.

Over the years we have seen the present Ministerial system develop into a one party state patronage. With no real independent investigative journalism on what Government does in the name of the people, the Liberal Vannin Party believes that the dangers for abuse are real and must be addressed to protect the long-term future for us all.

The Liberal Vannin Party is concerned about the full extent of Government incompetence, which has resulted in many scandals that are still yet to be exposed. If nothing is done now to combat the weaknesses of the present Government system the lack of competence will leave massive problems for future generations.

We believe that the Liberal Vannin Party is the only alternative to the present system of Government. We want to make the systems of Government more effective, efficient and accountable to serve you, the public. We want to ensure the long-term security and sustainability for the future of Mann and with your support the Liberal Vannin Party can bring in the much-needed public scrutiny the people of the Isle of Man deserve.

The Liberal Vannin Party believes in an inclusive society where we value our weakest members and treat people with honesty, integrity and respect. We want to see a society where freedom and fairness flourishes and one that recognises that where we have freedom we all have responsibilities to our fellowman. Justice can only be brought about where we have a system that's affordable so that all sections of the community can have free access.

The Liberal Vannin Party is dedicated to leaving no debt to future generations except a debt of gratitude for we have done to improve their lives. This is the legacy of real success we, as a Party, can leave for the future of mankind. Thank you for your support.
